

## LOSE WEIGHT WITH LIPOTROPIC INJECTIONS

Medications have been used for over 30 years as an aid in losing weight and weight loss programs. Our weight loss program is a 10-week process which starts with a consultation with one of our medical providers who will determine whether a weight-loss medication is indicated and safe for you. If so, you will receive a prescription for the appropriate medication at that time. In addition, we will provide you an injection of vitamins to help your overall energy and progress. Each week when you come into our office for weigh in, you will receive an additional vitamin injection. This weight loss program is NOT billed to your insurance. Private insurance companies and government insurance companies do NOT pay for weight loss programs. Below is the breakdown of charges:

- **Week One \$120**

1. Initial consultation with clinician
2. Vitamin injection
3. Prescription for Adipex (if patient qualifies)

- **Week Two \$20**

1. Vitamin injection and weigh-in.

- **Week Three \$20**

1. Vitamin injection and weigh-in.

- **Week Four \$ 65**

1. Re-Evaluation with clinician
2. Vitamin injection
3. New Prescription for 30-day supply of Adipex

- **Week Five \$20**

1. Vitamin injection and weigh-in.

- **Week Six \$20**

1. Vitamin injection and weigh-in.

- **Week Seven \$20**

1. Vitamin injection and weigh-in.

- **Week Eight \$ 65**

1. Re-Evaluation with clinician
2. Vitamin Injection
3. Prescription of Adipex

- **Week Nine \$20**

1. Vitamin injection and weigh-in.

- **Week Ten \$20**

1. Final Weigh-in
2. Final Vitamin Injection

## GUIDELINES FOR WEIGHT LOSS PROGRAM

- This program is a private pay program. It will not be billed to your insurance, and you must pay for each visit at the time of your visit.
- These visits are for weight-loss evaluation and treatment only. The providers will not address any health issues that are not related to the weight loss program, nor will there be any refills given on a visit that does not pertain to the program.
- You must come for your visits weekly.
- Adipex prescriptions will not be called in; you must be seen.
- For the initial weight loss visit and for a patient that needs to restart the program, a physician must be in the office at the time the patient is seen.
- If you miss more than 2 visits (they do not have to be consecutive), you will be required to restart the program and pay the initial start cost if you would like to continue with the program.
- After you have completed the program, you may start the program again in 3 months. (You must be off the weight loss medication 3 months before starting again)

I have read the above description and guidelines and agree to participate in this program.  
I realize I can stop at any time if I am dissatisfied.
